

We welcome all of you to the KSC Facebook Community! This group exists primarily to move people to action in support of the values and goals set forth in our Mission Statement.

As we move toward the November 2022 elections, we will be increasingly focused on actions that will help us win big and win Blue up and down the ballot.

To this end, we set forth the following guidelines:

1. We welcome anyone who supports the principles and goals outlined in our Mission Statement.
2. We focus on those critical issues that unite us.
3. We treat each other with respect and refrain from criticisms directed one another. We may have differences of strategy and approach but we ask that people refrain from impugning the motives or intentions of others.
4. Moderators:
 - a. The Moderators have the authority to remove posts that do not conform to the spirit or letter of these guidelines. The Moderators may also block or remove members who purposefully or repeatedly violate the guidelines.
 - b. The Moderators may remove content in order to keep the focus on action opportunities. We are not political news feed or a debating forum. We lack the capacity to provide the kind of monitoring that is often needed to keep such discussions useful and productive.
5. Privacy: We are a semi-private group. Non-members can find the group and see who the members are, but they cannot read the posts. Facebook does not allow direct sharing from semi-private groups. Posts can, however, be cut and pasted. If it is a personal post, please seek permission from original poster before sharing. If it is a KSC flyer, please feel free to share. Because of the nature of Facebook, no one should assume anything written here is truly private.
6. Violence: Any posts that advocate violence or suggest that others should engage in violence will be promptly removed.
7. Doxxing: The Coalition does not engage in doxxing. We will remove posts that list any personal information (such as home address, personal phone number, etc.) that may be used to harass another person.
8. Truth and Accuracy: Before posting, we ask members to vet articles and information for accuracy and provide their sources for reference;
9. Candidate Posts: Candidates are welcome to post information that is aimed at educating voters about their positions on the issues. They can also link to informational events provided that these events are free and open to all. We do not allow any candidate fundraising requests or notices of fundraisers to be posted here. We also do not allow postings about campaign organizing events. We ask candidates to refrain from posting more than once a day.
10. Endorsements: Kent Street does not endorse candidates during the primaries. In order to keep this a more neutral space, we ask that members refrain from posting candidate endorsements or preferences here.
11. Disclaimer: Unless posted by a moderator on behalf of the KSC, all opinions are strictly those of the person posting. These guidelines may be updated and amended, as

circumstances require. We follow broader guidelines as required by Facebook for all of its groups. The moderators will delete any posts in excess of the one post rule.
